

Emory Knoll Farms

Sedum reflexum 'Blue Spruce'

Year-round blue-green foliage produces a tall, stalked, yellow flower in midsummer. Flower color contrasts nicely with the foliage. Needle-like leaves give the plant the appearance of a tiny conifer tree. Foliage takes on tones of purple in the coldest months. Widely used on green roofs in the northern U.S. because of its high sun and drought tolerance. This plant needs excellent drainage and may fade in unusually wet seasons. An excellent choice for blue-green color on a green roof.

CHARACTERISTICS

Foliage Color: Striking blue-green

Flower Color: Bright yellow

Bloom Time: Mid-summer

Winter Interest: Blue-green to purple winter foliage

BOTANICAL INFORMATION

Place of Origin: Central and Western Europe

Hardiness Zone: 4

Height: 8" Spread: 8" per year

Self-sowing: No

Light Requirement: Full sun

Plant Use: Accent

PLANT SIZE

Deep nursery plug
3" deep x 1.5" across at the top

PLANT SPACING

6 Plugs per sq. ft. – 3 Month coverage
4-5 Plugs per sq. ft. - 6-12 Month coverage
2-3 Plugs per sq. ft. – 12-18 Months coverage
