

**SAVE THE DATE!**  
**AUGUST 16-17, 2018**

**2018 4TH BIENNIAL  
MID-ATLANTIC  
GREEN ROOF SCIENCE &  
TECHNOLOGY SYMPOSIUM**

**Redefining Green Roof Science & Technology**

DEPARTMENT OF  
PLANT SCIENCE &  
LANDSCAPE ARCHITECTURE

**\*\*\*\*\* Event Registration \*\*\*\*\***

Green roof system research is a high priority for assured performance in urban low impact development. The MGRST symposium is dedicated to disseminating results of scientific research and technological developments that will lead to the establishment of green roof performance standards for the Mid-Atlantic region.

**Symposium Topics include:**

- Green Roof System Ecology
- Media Development and Blending
- Green Roof Water Quality
- Monitoring Technology
- Urban Farming
- Plants Palettes
- Case Studies

**Tour: Green Roof Urban Farm**

**Symposium Location:**

University of Maryland, College Park, MD, Edward St. John Learning and Teaching Center
