

Description

A slightly taller, summer-blooming variety of Allium schoenoprasum. Flowers are a darker, more brilliant pink than the species, and, attract butterflies, bees, and other pollinators. Taller foliage adds an accent in the green roof meadow, adding some height and increasing the potential for biodiversity. Allium schoenoprasum 'Forescate' Can retain its green foliage long into the winter months, though it does eventually go dormant in the coldest weather.

Sold as bare root bulbs. Available in plugs as a custom order. Please contact office for lead times.

Profile

- **Botanical Name:** Allium schoenoprasum 'Forescate'
- **Family:** Alliaceae
- **Plant Type:** Hardy Perennial
- **Plant Usage:** Accent
- **Hardiness Zone:** 4
- **Foliage Color:** Green
- **Flower Color:** Pink to Purple
- **Bloom Time:** Late Spring to Late Summer
- **Winter Interest:** Some green foliage, but, mostly dormant
- **Height:** 18"
- **Spread:** 12"
- **Light Requirement:** Full Sun
- **Origin:** Europe
- **Self Sowing:** Yes
- **Shade Tolerant:** No
- **Substitutes:** [Allium cernuum](#), [Allium 'Summer Beauty'](#), [Allium schoenoprasum](#), [Allium senescens ssp. montanum](#), [Allium schoenoprasum var. sibiricum 'Pink Giant'](#),
