

Description

A beautiful Allium variety, with strong upright foliage, showcasing vibrant green color and thicker leaves. Masses of pale pink globe-like flowers attract a variety of pollinators. This plant keeps its foliage well into the winter months, eventually turning yellow-green to yellow, in the coldest weather. Foliage may remain green in some locations, or, in mild winters. Allium 'Summer Beauty' creates a visually noticeable vertical accent, adding some height to an extensive roof planting, while increasing the potential for biodiversity.

Available as bare root bulbs. Please contact us if you are interested in installing this plant as plugs.

Profile

- **Botanical Name:** Allium 'Summer Beauty'
- **Family:** Alliaceae
- **Plant Type:** Hardy Perennial
- **Plant Usage:** Accent
- **Hardiness Zone:** 4
- **Foliage Color:** Green
- **Flower Color:** Light Pink
- **Bloom Time:** Midsummer
- **Winter Interest:** Yellow
- **Height:** 18"
- **Spread:** 12"
- **Light Requirement:** Full Sun
- **Origin:** Europe
- **Self Sowing:** Yes
- **Shade Tolerant:** No
- **Substitutes:** [Allium schoenoprasum](#), [Allium cernuum](#),
