

Description

This is a larger, taller sedum that thrives on extensive green roofs. Yellow flowers appear in midsummer and attract a variety of pollinators. Vastly underused in the industry, Sedum aizoon is one of the more interesting plants suitable for extensive green roof conditions.

Large quantities may require custom growing. Please contact the office for lead times.

Profile

- **Botanical Name:** Sedum aizoon
- **Family:** Crassulaceae
- **Plant Type:** Hardy Succulent
- **Plant Usage:** Accent
- **Hardiness Zone:** 5
